Assembly Instructions

Kit includes: (A) 2 x Acrylic Shelves (B) 2 x Side Shelving Panels (C) 2 x Top/Bottom Shelving Panels (D) 2 x Channel bars

First, attach the Magnetic Channel Bars to the back of the area where shelf will be.

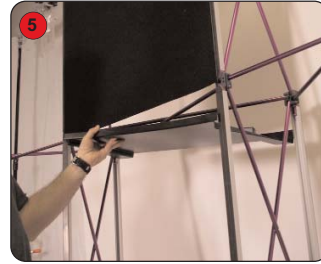

Place fabric/graphic panels above and below the space for the shelf

Set the bottom shelving panel on the bars of the Coyote

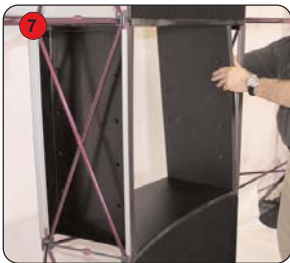

The bottom shelving panel should set into place.

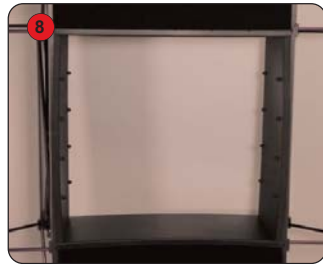

Place the top shelving panel against the bars of the Coyote

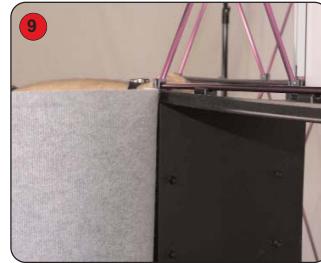

While holding the top shelving panel up, slide one of the side panels in.

Slide the other side shelving panel in.

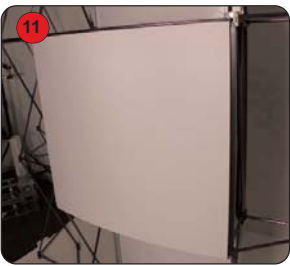

The shelving panels should fit exactly in the Coyote system.

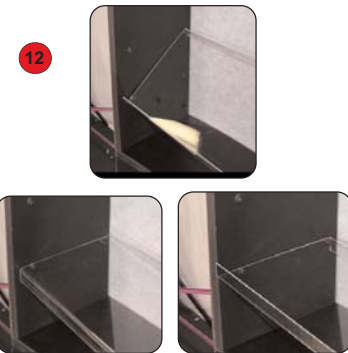

Take the back fabric/graphic panel and attach it to the back of the shelf.

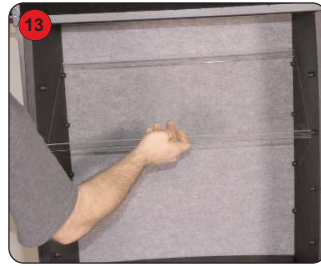

There is Velcro on the back of the side shelving panels to allow it to be attached.

Completely cover the back of the system.

Here are three different ways the acrylic shelves can be installed.

Slid the shelf in and place it on the pegs on the side panels.

Your finished shelf should look like this. Finish the rest of the Coyote system by hanging the other fabric/graphic panels.
